The manufacturers of Rugs and Carpets have just announced reduced prices of about 25 per cent. from the reduced prices quoted last December and we have immediately reduced our retail prices to correspond. We believe the lowest prices on Rugs have been reached for many months to come for it is generally known that if the new Tariff Bill, which places a tax on carpet wools, is passed--as many manufacturers believe it will be--the price of Rugs and Carpets will be increased.

Therefore we recommend you to buy now while the prices are at the bottom and while our selection is at its best.

OUR FAR-FAMED KENTUCKY DERBY

Men and Women of Renown From All Parts of the World Come to Louisville to Witness the Running of This Historic Race.

CABINET MEMBERS AMONG THOSE IN ATTENDANCE THIS YEAR

Few of us native Kentuckians realize, perhaps, what a truly magnificent world event the Kentucky Derby has come to be.

Year by year, it has grown steadily in popularity, until now it tops all other sporting events on the calendar; thereby advertising the state as millions of dollars' worth of space in the public prints could not possibly do, besides attracting periodically hosts of people who spend their money freely and greatly benefitting an industry of vast importance to Kentucky in particular—the breeding of the thoroughbred horse.

The list of personages who cheered the winner of the 1921 Kentucky Derby would stretch out far beyond the limitations of this little article. Suffice to say that it included several members of President Harding's cabinet, distinguished visitors from abroad and financial and commercial giants from all parts of the country; some of the latter the owners of horses that started in the derby and heavy investors in Kentucky estates, elaborately improved and primarily maintained as breeding establishments.
